

Adhesive Book Binding Cloth Tape (#105) Quick Reference Guide

Overview

Our Adhesive Book Binding Cloth Tape is a physically strong tape with a high strength adhesive. This brightly coloured tape consists of backing made from polyethylene coated rayon cloth and a natural rubber adhesive.

The backing is waterproof and incredibly strong while the adhesive will stick to most surfaces and materials (including both rough and smooth types).

This cloth tape has a high tensile strength and will not stretch (maximum elongation is just 10%). Despite its toughness, it is quite conformable and easy to apply to tight turns and irregular shapes.

Used for a variety of applications including...

- Bookbinding and repairs to books and folders.
- General colour coding, repair or sealing work.
- Temporary repairs to tarpaulins, tents and ground sheets.
- Waterproofing and sealing.
- Colour coding of cables, leads and other objects.

Key Specifications

Thickness	0.13mm
Backing Materials	Waterproof, Polyethylene Coated Rayon Cloth
Adhesive Type	Natural Rubber
Temperature Rating	60°C
Adhesion to Steel	320gm / cm
Elongation at Break	10%
Roll Length	25 Metres
